

Library Director's report

Prepared by Director Susan Getty

July 9, 2019

Monthly statistics: statistical summaries for the month of June 2019 will be available at our meeting.

Financial/Donations:

- Nothing new to report in this category.

News/Issues:

- Our new hours have been met with wide approval by the community; we have been hearing a great deal of positive feedback.
- The process of upgrading our internet access has been completed.
- I have been available for the information and referral services drop-in hours, and have not yet had any people drop in. That's not a problem at all, as we all know it will take some time for the word to get out and for people to begin utilizing the services. The details about the program have been shared in a variety of places, so we'll see what happens.
- Question: does the Board want the Library Trustees Association membership renewed? (I have recently received the renewal form.)

Programs:

- Summer programs are now underway. (I will provide a program flyer at our meeting.) People seem happy with all we are offering.
